EDUCATION REQUIREMENTS FOR ALL EXHIBITORS

To exhibit any equine at Fair, exhibitors must submit a completed educational requirements card, specific to your organization, by June 15, following the submittal rules printed on the educational requirements card. If this is not met, you will not be eligible to show. NO exceptions will be made.

Questions can be directed to Ann Marie Magnochi at the DCF Office, (608) 224-0500.

VOLUNTEER REQUIREMENTS FOR ALL EXHIBITORS

Two (2) hours of volunteer time is required from each Horse & Pony exhibitor who is showing an equine during the Dane County Fair, with a maximum of five hours per family. Each Horse & Pony exhibitor is obligated to sign-up on-line for this requirement and fulfill their shift. If the exhibitor does not fulfill this obligation by showing up late or not at all, the club under which the youth is showing is required to find a volunteer. If the club is not able to fill the shift, the exhibitor in question will be deemed not in good standing (i.e. ineligible for State 4-H Horse Expo) and may face other consequences as appropriate.

GENERAL INFORMATION FOR ALL DISCIPLINES

Please note that some differences exist between the DCF Rules & Guidelines and the Wisconsin State 4-H Horse Expo Guidelines.

Be aware that you are being judged from the time you enter the arena until you depart unless otherwise specified by the judge.

3. Exhibitors riding in any class are eligible to line drive, but not show in halter or trail-in-hand classes.

SHOWMANSHIP

Showmanship is mandatory for ALL exhibitors in grade 3 through 8. Showmanship is optional for grades 9 through 13. Violation of this rule will void any chance of showing at the 4-H State Horse Expo and/or loss of premiums.

1. The purpose of showmanship is to encourage members to properly prepare and exhibit their animals, and to maintain high standards of horse management, responsibility, and pride towards their projects. Exhibitors are judged on their ability to groom, fit, and show their animal from the ground.
2. In showmanship, it is the exhibitor's efforts that are being judged, not the breed, type, or conformation of the horse.
3. Showmanship is judged on a point system.
4. Be on time when your lot is called. The gate will not be held for late exhibitors. Once the first exhibitor has entered the arena you will no longer be allowed to check in for that lot.
5. Exhibitors must have their animals under control or they will be dismissed from the arena.
6. Helmets are optional in showmanship.
7. A clean, well-groomed horse is a healthy horse. The coat should be clean and free from stains and sweat marks. The eyes, nostrils, lips, insides of ears, dock and underneath the elbows should be clean. The mane should be free of dandruff. Mane and tail should be clean and free of tangles. The interior of the ears should be trimmed or clipped.

Braiding and banding, if used, should be neat and suitable for the discipline. Fake tails/extensions are allowed but not required.

8. Hooves should be trimmed and shaped to enable the animal to walk and stand naturally. If shod, the shoes must fit and not show undue wear. Clinches should be smooth.
9. Exhibitor should present a neat and clean appearance and be dressed appropriately for the discipline they are showing in.
10. The judge may question exhibitor as to parts of the equine and general equine knowledge. Exhibitor should demonstrate proper handling of the horse and follow the designated Showmanship pattern as set forth by the judge, whether posted prior to the class or described during the class.

RIDING CLASSES

1. SEI approved helmet that is properly fitted, with the safety harness securely fastened is **REQUIRED**.
2. Any rider not having his/her mount under sufficient control will be dismissed from the arena.
3. Any rider equipped with a helmet or tack considered unsafe by the judge will be dismissed from the arena. The judge may also dismiss any exhibitor or horse that is ridden in an unsafe manner or in an unskilled manner so that the exhibitor or horse may present a safety risk while performing a required pattern. The dismissed exhibitor may be asked to leave the arena or brought to the center of the arena.
4. It is the responsibility of the exhibitor, parent, guardian, and/or horse leader to determine if the exhibitor and horse are prepared to enter a class. Safety is the primary concern.
5. See Showmanship Rule #7 in this section for grooming recommendations.

EQUITATION/HORSEMANSHIP

1. The emphasis of judging an equitation/horsemanship class is on the rider's ability to show the animal through the aids of hands, seat, and legs. Riders will be judged on seat, hands, leg position, performance of horse, appropriate tack and suitability of horse to rider. Suitability of animal, tack and attire may affect the overall picture. The actions of the animal are not more important than the method used in obtaining the correct action called for by the rider.
2. Examples of faults that may count against the rider:
 - a. Exaggerated weight shifting
 - b. Excessive lower leg movement
 - c. Excessive kicking or spurring
 - d. Losing contact with stirrups other than when asked
 - e. Failing to follow instructions of judge or ring assistant
 - f. Failure to post on correct diagonal
 - g. Riding on the wrong lead
 - h. Stiff or hard use of hands
 - i. Excessive speed
 - j. Excessive number of strides into transitions

PLEASURE

1. The emphasis of judging in a pleasure lot is on the horse. The horse is judged on its manners, performance and suitability of the horse as a pleasure mount.
2. Examples of faults that may count against the horse and/or rider include:
 - a. Excessive speed
 - b. Excessive number of strides in transitions
 - c. Being on the wrong lead
 - d. Lack of impulsion and/or engagement
 - e. Horse cannot be kept on bit
 - f. Unbalanced gaits

 - Leave at least 1 animal length, about 10 ft., between animals when leading and standing in the lineup.

HUNT EQUITATION

GENERAL--the emphasis of judging is on the riders' ability.

- Riders will demonstrate both a working and extended walk using seat and leg aids.
- Transition and sit smoothly to a slow trot.
- Control the working trot with light hands and post.
- Produce an extended trot both seated and in light or two point seat.
- Riders may also be asked to demonstrate a collected, working and extended canter, hand gallop and/or counter canter.
 - Riders should have smooth transitions between gaits, produce suppleness and balance with deep seat and subtle leg aids and perform smooth bends in circles and corners.

BASIC POSITION

- Mounting—take up reins in left hand and place hand in front of withers, grasp stirrup leather with right hand and insert left foot in the stirrup and mount.
- Dismounting—either step down or slide down depending on riders' size.
- Riders should have a workmanlike appearance.
 - Hands should be over and in front of horses' withers, knuckles at 45 degrees inside the vertical, hands slightly apart and in a straight line between riders elbow and horse's mouth.
 - Method of holding reins is optional and the bight may fall on either side of horses' neck.

 - Knee and upper leg have light contact.
- Riders should have a vertical and balanced body at the walk and sitting trot.
- A slight forward incline may be used when posting.
- A slight forward inclination is appropriate at the canter and preferred at the gallop.
- Control and balance are necessary at the canter.
- Avoid excess speed at the gallop and maintain balance and maneuverability.
- The action of hands, seat and legs should encourage the horse to collect and move willingly.
 - The conformation of some horses may not be ideal for hunter type but the judge will recognize the efforts and skill of the rider in getting maximum hunter type performance from the horse.

LOT ROUTINE

- If a judge uses a pattern, rail work will be at his/her discretion.
- During rail work, if used, riders enter the arena turning to the right and proceeding counterclockwise.

 - The horse should move in a straight line away from or back to the judge.
 - Exhibitors should always turn the horse away from them, to the right, unless instructed to do otherwise.
- The horse should set up quickly and stand quietly while posing for the judge.
 - Horses should move forward or backward freely on command.

- Stand towards the front and face the horse with toes pointing toward the horses' right shoulder.
- Use of the reins and soft voice cues necessary to pose the horse should be subtle and go unnoticed by others.
- Your horse should stand as straight as possible with weight distributed on all four legs. If your horse stretches, you should walk a step forward out of the stretch before you back.

- Leave at least 1 animal length, about 10 ft., between animals when leading and standing in the lineup.

SADDLE SEAT EQUITATION

GENERAL--The emphasis of judging is on the riders' ability. In saddle seat equitation lots, the rider should convey the impression of effective and easy control.

BASIC POSITION

- The hands should be held in an easy position.
 - The height that the hands are held above the horse's withers is determined by how and where he carries his head.
 - The method of holding the reins is optional but both hands must be used and all reins must be picked up at one time (two reins are properly held in each hand with the snaffle rein outside the little finger).
 - Bight of rein should fall on the right side.
- Rider should place themselves comfortably on the saddle and find the center of gravity by sitting with a slight bend at the knees but without the use of irons.
- Ball of foot should rest on the irons, even pressure on entire width of sole and center of iron.
 - Foot position should be natural (neither extremely in or out) with heels lower than the toes and feet nearly parallel.
- The rider's back should be straight but relaxed the shoulders square and the head up.
- At the walk, slight motion in the saddle is appropriate.
- At the trot or intermediate gait, slight elevation in saddle posting with hips under body is appropriate.
- At the canter maintain a close seat, moving with the horse.
- Movement should avoid mechanical up and down or swinging forward and backward.

LOT ROUTINE

- If a judge uses a pattern, rail work will be at his/her discretion.
- During rail work, if used, riders enter the arena turning to the right and proceeding counterclockwise.
 - Horses will be asked to walk, trot and canter (if applicable) in both directions.
 - Reverse by turning away from the rail.
 - Light contact with the horses' mouth is required.
 - Riders will line up on judges and/or ring assistants command.
- The judges' opinion is based on equal weight of rail work and individual test results (if applicable).
 - Fall of a horse and/or rider may result in a penalty or elimination at the judges' discretion.
 - Top riders may be asked to perform either individual or collective additional tests.
 - Appropriate tests for grade 3-5 are A-G and A-J for grade 6-13.
 - Tests are:
 - A. Address reins.
 - B. Back for not more than eight steps.
 - C. Performance on the rail.
 - D. Change of diagonals down center of arena or on the rail.
 - E. Riders may be asked pertinent questions about equitation, horses and equipment.
 - F. Trot a figure 8 and demonstrate a change of diagonal.
 - Left diagonal—rider is sitting when the horses left front leg is on the ground when circling clockwise.
 - Right diagonal—rider is sitting when the horses right front leg is on the ground when circling counterclockwise.
 - G. Canter a figure 8 eight on correct lead and demonstrate a simple change of lead. A simple lead change is when the horse is brought back into a walk or trot, and then restarted into a canter on the opposite lead. Figures start in the center of two circles so that one lead change is shown.

- H. Execute serpentine at a trot or canter on correct lead, demonstrating simple change of lead.
- I. Change lead down center of arena or on rail, demonstrating simple change of lead.
- J. Trot without stirrups.

- Horses will be shown at a walk, jog and a three-beat lope (if applicable) both ways of the arena.
- Exhibitors may be required to back in a straight line.
- Horse should be willing well mannered, alert and move freely.
- The horse's head should be held slightly above the withers and not behind the vertical.

RANCMANSHIP

GENERAL

The purpose of this class is to showcase the versatility in both the horse and the exhibitor, in the task of performing a designated pattern. This pattern includes both trail and reining maneuvers. All horses will be judged immediately upon entering the arena and judging will cease after the last maneuver. Maximum credit should be given to the horse that has a flowing stride, is balanced and that gives the appearance of being willing, fit, alert and a pleasure to ride while possessing athletic ability and agility. Exhibitor will be judged on ability and decision making in the ring. An exhibitor that puts their horse in the correct positions to make the horses job easier should receive maximum credit.

TACK AND ATTIRE

- Standard western attire and tack should be used. Refer to the Western/Stockseat guidelines for full description.

LOT ROUTINE

- Each Exhibitor shall individually execute the pattern.
- If the horse's age requires a shank bit, the pattern must be ridden one-handed and hands must not be changed.
- Disqualifications:
 - Use of 2 hands while riding in a shank bit
 - Use of prohibited equipment
 - Willful abuse
 - Fall to the ground by horse or rider
 - Blatant disobedience such as bucking or rearing
 - Over spins of more than ¼ turn
 - Going off pattern
 - Inclusion of additional maneuvers
- Scoring penalties may include:
 - Holding saddle with free hand
 - Refusals
 - Failure to demonstrate correct gait

 - Spurring in front of cinch
 - Freezing up in spins or rollbacks
 - Over or under spinning by a ¼ turn
 - Opening mouth, raising head on stops and turns
 - Uncontrollable speed

WESTERN RIDING

GENERAL

Western Riding is a pattern class that should be ridden in a relaxed, controlled, fluid manner. The horse and exhibitor should work as a team with light cues from the exhibitor and a willing response from the horse.

TACK AND ATTIRE

Standard western attire and tack should be used. Refer to Western/Stockseat guidelines for full description.

LOT ROUTINE

- Each exhibitor shall individually execute the pattern shown.
- Simple change of leads is permitted, flying lead changes preferred and may result in a higher maneuver score.
- Credit shall be given for and emphasis placed on smoothness, even cadence of gaits and the horse's ability to change leads precisely and easily.
- In order to have balance with quality lead changes, the horse's head and neck should be in a relaxed, natural position, with his poll level with or slightly above the level of the withers. The horse should not carry their head behind the vertical, giving the appearance of intimidation, or be excessively nosed out, giving a resistant appearance.
- The horse should cross the log both at the jog and the lope without breaking gait or radically changing stride.
- Change of lead near the center point of lead change area is preferred.
- If the horse's age requires a shank bit, the pattern must be ridden one-handed and hands must not be changed.
- Disqualifications:
 - Use of more than 1 finger between reins
 - Use of 2 hands while riding in a shank bit
 - Illegal equipment
 - Willful abuse
 - Major refusal
 - Major disobedience or schooling
 - Overturn of more than ¼ of turn
 - Off or incomplete pattern
 - Incorrect order of maneuvers

2. Transition to the lope, on the right lead
3. First line change
4. Second line change
5. Third line change
6. Fourth line change
7. First crossing change
8. Second crossing change
9. Third crossing change
10. Lope over log
11. Lope, stop & back

WESTERN MUSICAL FREESTYLE

GENERAL

The purpose of this lot is to design a program of western maneuvers synchronized to music and coordinated with costume and tack. The lot will be judged 60% on technical merit and 40% artistic merit. See the following score sheet for required movements and scoring values.

- Pick a costume to suit the music you choose. Music and costumes must be tasteful and appropriate. Be careful your tack and costumes will not interfere with your horse. Props of your choosing may be used as long as they can be applied safely and are complimentary to your routine. Long pants, boots, and a SEI approved helmet, properly fitted, with safety harness securely fastened, are required for all exhibitors.
- You may exceed the minimum number of required moves and you may add others as long as they are of the same level or lower. However, your routine may not be longer than five minutes. Programs over 5 minutes may be penalized.
- An original program should be designed each year.
- Appropriate Western tack is required. See Western/Stockseat guidelines. If the horse's age requires a shank bit, the program must be ridden one-handed. If ridden two-handed, exhibitor will be stopped and program will be terminated. Split reins or romal reins are required. Protective polos, splint boots, bell boots and skid boots are permitted. Bareback and bareback pads are not permitted.
- Galloping, sliding stops or lack of control will be cause for disqualification and immediate termination of program.
- Music is mandatory. **It is the responsibility of the exhibitor to supply the music, player, and one person to play the music.** You may request a sound check in advance of the class at a time agreeable to the show management. In case of a technical failure in the playing of the music, the exhibitor has the option of continuing the ride, or to begin it again from the beginning when the music has been restarted.
- Additional points for variety and artistic impression may be earned through repetition of maneuvers, including maneuvers beyond what is required, increasing the frequency of maneuvers and including additional maneuvers of figures such as a serpentine at any gait, consecutive lead changes, or other western pattern elements such as a pivot on the forehand, side pass, etc.
- Exhibitors are allowed to use their own ring markers and are responsible for setting them up and removing them from the arena after their performance in a timely manner.

REQUIRED MOVEMENTS

All programs must include numbers 1 and 2:

1. Lope-Stop-Settle horse.
2. Back at least ten feet.

Exhibitor's program must also include each of the following elements listed under the appropriate level.

Beginner Program

4. Lope a circle to the left.
5. 90 degree pivot on the haunches to the right.
6. 90 degree pivot on the haunches to the left.
7. Change of gait.
8. Change of direction at lope (through halt).

Intermediate Program

12. Small circle at the lope.
13. Change of speed at the lope.
14. Change of direction at the lope (simple lead change or flying lead change).

DRAFT BREED SHOWMANSHIP

See “General Information for All Disciplines” section for additional information.

GENERAL

Draft showmanship participants do not switch sides of the horse as the judge moves around them, but they should be aware of the judge at all times, while keeping a constant watch on their horse. When setting up your horse, you may switch lead/rein to your left hand and use your right hand on show stick or on horse in order to set the horse up. Your horse should set up quickly, stand properly and move backward or forward freely. After the horse is set up, exhibitor remains at the side of the horse's head facing the left shoulder of the horse, never turning their back on the horse.

- Walk your draft breed in a circle. Do not pivot on its' hind legs as is commonly seen in light horse classes.
- Have a brisk walk and free-moving trot.
- Leave at least one animal length, approximately ten feet, between animals while walking and in the lineup.

TACK AND ATTIRE

- Rolling, braiding, and decorating should be done to breed standards by the exhibitor.
- The animal should wear a leather draft halter, a rope halter, or a bridle.
- A standard draft show stick, used to set up the horse, is optional. No whip person is allowed.
- Clothing must be clean and neat. Pants or slacks with a belt are preferred. Boots must be worn. Hats, gloves, ties and coats are optional. Hair should be neat and confined so as to not cover the exhibitors number. Shorts, skirts, sleeveless shirts, tank tops, farm names or personal exhibitor identification are not allowed.

LOT ROUTINE

One pattern is used:

1. Walk from entry gate towards the judge. Continue past the judge to cone A.
2. At cone A, trot to cone B and halt.
3. Walk in a circle and continue to walk to cone A, along the original line.
4. Pick up a trot at cone A and continue to the judge.
5. Halt; set up in front of the judge.
6. Following inspection, trot away from the judge and line up on the rail with the horse facing the rail.

DRIVING

PRESENTATION TO TECHNICAL DELEGATE

- An adult who knows how to handle a hitched horse must accompany each turnout.
- The technical delegate will inspect all turnouts (horse in harness hitched to cart with driver at reins) and line driving (with driver at reins) 30 minutes prior to the start of the lot the horse is entered. Turnouts are checked for ill-fitting harness, vehicle defects, animal condition and other relevant issues.
- The technical delegate will either:
 - Approve the turnout for competition
 - Suggest changes/alternatives to harness and/or cart and re-inspect before competition
 - Deny entry into competition
- The technical delegate's decision is final. Any questions should be directed to show staff or the technical delegate, not the judge.

GENERAL

- Horse/exhibitor combinations showing in Line Driving cannot enter any cart driving lots.
- Drivers should be confident of their animal remaining under control in spite of spectator noise, presence of other turnouts, camera flash, etc. Any damage to another turnout may be your responsibility.
- A Groom (age 17 or older) is required to accompany drivers in grade 3-8 while exhibiting in their lot except if the animal is a mini/small pony 38 inches or less at the withers. A groom is optional for drivers in grade 9-13. A groom is expected to be knowledgeable about driving and driving safety.
 - The groom cannot handle the lines, whip or brake unless the safety of the exhibitor or turnout is threatened. Doing so will result in elimination from the competition.
 - The driver is the first person to get into the cart and the last to leave it. Only the exhibitor may drive the cart, **never the groom, parent or trainer/coach.**
 - The groom is seated to the left of the driver and is to remain silent unless the safety of the exhibitor or turnout is threatened.
- Cart and harness should fit properly and be in good repair. Animals should be in good health and trained for the tasks required.
- When the horse is put to cart the driver must:
 - Always bridle the horse before hitching to the vehicle, and attach the reins immediately.
 - Always have someone hold the horse while putting to cart.
 - Never leave a horse/pony put to cart unattended.
 - Sit in the cart with reins and whip in-hand or have a header for the horse/cart.
 - Never remove the bridle and lines from the animal while hitched to cart.
- Maintain at least one turnout length between you and the next exhibitor for safety, especially passing and lining up at the completion of a class. Leave plenty of room behind and to the side when lining up.
- The judge may excuse an unsafe vehicle, unruly animal or out of control animal.
 - If your horse attempts to rear while harnessed, stay in the cart and urge your horse forward.
 - If any harness part breaks, comes undone or loosened, stop your horse and call for emergency help.
 - The announcer will then call all other drivers to stop.
 - Staff will approach the horse calmly and assist.
- In case of a runaway without a driver, the announcer will call all other drivers to move off the rail and walk to the center of the ring.
 - Drivers must stay in their vehicles.
 - All grooms need to exit the cart and head the horse. They may also be asked to help keep the runaway on the rail and away from the stopped carts.
- If the runaway has a seated driver, the driver should try to remain calm and keep the horse on the rail away from the other carts. Most frightened horses tend to run the rail, looking for a way out. The horse will stop when its fatigue overcomes its fear.

TACK AND ATTIRE

THE WHIP

- The driver must carry an appropriate driving whip with a lash whenever seated in the cart.
 - The whip plus lash must be long enough to reach the animal's shoulder.
 - The correct position to hold your whip is 45 degrees forward and 45 degrees up.
 - A driver without a whip will be penalized.
- Drivers should acknowledge the judge with a whip salute at the start and finish of individual obstacle and reinsmanship tests. Salute the judge by:
 - Raising the whip held vertically so the butt is even with your face
 - Or hold the whip parallel to the ground with the handle in front of your face

 - Line drivers can walk or trot their animals. Trotting is encouraged.
 - Cantering is prohibited and may result in a 5 second penalty for each break in gait to a canter.
 - Line drivers can use an additional minute to complete the course after the 4-minute whistle sounds but a 1-point penalty for each 5 seconds beyond the 4-minute limit is assessed.
- The number of balls placed on the obstacle that gets knocked off determines how well the obstacles are executed.
 - Five penalty points are assessed for each ball knocked off.
 - Twenty penalty points are assessed for each obstacle not completed. Line drivers can try 3 times to complete the obstacle before being asked to move on.
- Obstacles/maneuvers that may be included in line driving are trotting or walking:

 - Through a series of poles placed "long and narrow"
 - Over a simulated water hazard
 - Around a barrel

OBSTACLE DRIVING IN CART—GAMBLERS CHOICE

Please refer to the General Rules stated above for Obstacle Line Driving.

DRIVING OBSTACLE COURSE

- The course is a series of obstacles that the driver must navigate.
 - There is no specified route. The driver may choose to run the course in any order and may choose to not attempt obstacles that either the animal is not trained to execute or the horse/turnout is not appropriate to successfully complete the maneuver.
 - The obstacles are set in an animal-neutral manner.
- A person riding as a groom may not compete as a driver in a class using the same course.
- The course diagram is posted prior to the competition.
 - Drivers are permitted to walk the course (w/o animals) during a specified time just prior to the competition. Drivers can have someone accompany them on the walk-through.
 - Drivers must have a header to attend their animal while walking through the course.
- Placings will be determined by the number of points accumulated. The recorded time to finish the course will be used to break a tie.

COURSE COMPETITION

PLEASURE DRIVING

GENERAL

The emphasis in judging pleasure driving is on the desirable qualities a driving animal exhibits. Pleasure driving is judged 70% on horse performance, manners and way of going, 20% on condition and fit of harness and vehicle and 10% on neatness and appropriateness of driver (and groom if applicable).

- The judge and/or show staff decides if the lot will be split.
- Excessive use of voice and whip may be penalized.
- No turnout may leave the ring after judging has begun without permission from the judge or ring steward. Driver must leave immediately if asked by the judge to do so.
- Minor adjustments may be made to the harness without a penalty if the judge gives permission.
- Exhibitors should keep passing to a minimum for safety reasons.

LOT ROUTINE FOR PLEASURE DRIVING

- The driver will show both directions in the arena at a walk, slow trot, working trot and strong trot, stand quietly and rein back. Listen to the commands from the announcer.
 - Enter the arena to the right at the direction of the ring steward at a walk.
 - The walk should be free, regular and unconstrained with moderate extension. The animal should show energy but be calm and even.
 - The horse should maintain impulsion at the slow trot while submitting to the bit showing collection. A regular and steady cadence is desired.
 - In the working trot, the horse should go forward freely and straight on a taut light rein, showing suppleness and balance. The hocks should be engaged with the rear feet covering the prints of the front feet.
 - The animal should show a definite increase in pace and lengthening of stride over the working trot when asked for a strong trot. The horse should extend so that the rear feet overstep the front feet while remaining balanced.
 - Penalties are assessed for excessive speed or loss of control.
 - Halt the horse squarely without veering and stand quietly with weight on all 4 feet.
 - The horse should back straight for at least 4 steps when asked to rein back, then stop and willingly move forward to your starting position.
- The reverse shall be done across the ring on the diagonal as directed by the ring steward.

REINSMANSHIP

SPECIAL DISCIPLINES AND/OR LOTS

HALTER

- Halter is judged on the animal's conformation, characteristics, and way of going according to the breed.
- Emphasis is placed on the conformation of the horse, and a point system is not used.
- Lot Patterns will be set at the judge's discretion.
- Only exhibitors showing in in-hand lots may show in halter.

HORSELESS HORSE PROGRAM (H/H)

GENERAL

- H/H members may only show an animal being shown at the Fair by another Horse project member (partner). Horses or ponies not being used or shown by a Horse project member will not be allowed at the Fair or as part of the H/H project. When exercising or groundworking the animal, the H/H member may have their partner assist.
- Each H/H member must file a horse project declaration form by March 1.
- All H/H members must follow the educational requirements of their youth organization.
- It is the responsibility of the H/H member's parent or guardian, club leader, and supervising exhibitor whose horse is shared to be sure the H/H member has the skill to safely exhibit at the level entered.
- Exhibitor attire:
 - Clothing requirements as listed in the Guidelines for the appropriate discipline are waived for the Horseless Horse lots.
 - Long pants, boots and properly fitted SEI approved helmets with the safety harness securely fastened are required.
- Tack: For Equitation, Showmanship and Trail, tack should meet the guidelines for the appropriate Discipline. (Western or Hunt)
- Horseless Horse members are limited to all classes marked as Horseless Horse (classes G, K, Q) and Trail-in Hand (class B).
- Leadline Exhibitors may not enter any riding lots.
- Leadline horses must wear a halter positioned under the bridle.
- **Please note: Horseless Horse canter classes are not 4-H State qualifying classes.**

SHOWMANSHIP

- A standard showmanship pattern will be used for these lots.
- See the showmanship section under the appropriate discipline for more information.

LEADLINE HORSEMANSHIP/EQUITATION

- The exhibitor and horse must be led by a youth member in the 6th grade or higher and must be the project member of the horse. The Horse project member is not to direct or lead the horse, but is only there for safety.
- SEI approved helmet that is properly fitted with the safety harness securely fastened is required for both the rider and the handler.
- See the equitation or horsemanship section under the appropriate discipline for more information.
- The lead rope must be attached to the halter that is positioned under the bridle.
- The exhibitor will be asked to walk, trot, or jog.

WALK/TROT HORSEMANSHIP/EQUITATION

- See the horsemanship/equitation section under the appropriate discipline for more information.

THERAPEUTIC HORSEMANSHIP & THERAPEUTIC REINSMANSHIP

GENERAL

The purpose of these lots is to demonstrate the ability of an exhibitor having special needs to meet a horsemanship goal. The exhibitor must turn in a written statement between 12:00-8:00 PM on Tuesday of fair week that will describe what skills the exhibitor will demonstrate during the class. The statement shall describe which gaits, patterns or positions the judge will be shown and the order in which they will be shown. If the exhibitor desires, the program statement may be read over the public address system or by the exhibitor's assistant(s), who may walk or ride with the exhibitor during the lot. **The Showmanship requirement is waived for this lot.**

Example of a Program Statement:

1. Exhibitor will enter the arena at a walk.
2. Advance to the center of the arena and halt.
3. Exhibitor will advance at a walk to the east end of the arena and execute a 40-foot circle to the left upon command of the assistant. Upon completion of the circle, exhibitor will proceed along the wall to the midpoint and halt upon command of the assistant.
4. The exhibitor will reverse the horse on the forehand and proceed to the east end of the arena where a 40-foot circle will be executed to the right.
5. Upon completion of the circle, the exhibitor will halt on the assistant's command, and back the horse four steps.
6. Exhibitor will exit the arena at a walk stopping to halt at the center to answer any questions the judge may ask. Voice guidance will be given to the sight-impaired rider by the assistant as needed throughout the program.

ASSISTANCE IN THE ARENA

The number of assistants shall be the number that the exhibitor feels is necessary. The assistant(s) may lead the horse, give voice commands etc., but the assistant's actions should be summarized in the program statement. If the exhibitor drives during the program, it is required that an assistant ride in the vehicle and that a header is provided, if necessary. An assistant may set up a cones course, or other props integral to the program prior to the exhibitor entry into the arena, but care should be taken to set up any props quickly.

CLOTHING

The exhibitor must be neatly dressed and is required to wear long pants, boots and a properly fitted SEI approved helmet with the safety harness securely fastened. Non-traditional dress will not be marked down as long as the attire has a valid purpose in allowing or aiding the movements of the exhibitor. The exhibitor's parent or guardian and the project leader, prior to the beginning of the DCF, should verify the equipment is appropriate. Safety is the foremost concern.

JUDGING

Credit will be awarded based upon response of the horse to the exhibitor, exhibitor's response to the horse, ability to perform as per statement, and the showmanship of exhibitor. The judge may wish to briefly question the exhibitor upon completion of the program and the program should provide a halt at the end to allow the judge to approach the exhibitor.
