***Mats are power washed and sanitize with Sani-T-10 after each use

***If your horse damages the mats, you will be charged for the pieces of the damaged mats.

A portion of the stall mat rentals this year will be shared with a nonprofit organization.

Thank you for your support!!

Showtime Stall Mats is a company that specializes in providing quality comfort and support for your equine partner. Being full time equine professionals ourselves, we know the wear and tear that the rigors of the show season can put on your quality show animals. For this reason, we decided to start a company whose sole purpose is to provide top quality show mats for the shows that are held in venues where the stalls are on hard ground, concrete and or blacktop.

Our stall mats are made from top of the line, 7/8" thick, EVA foam rubber to provide both strength and traction. These mats come in 3 ft wide, by 4ft long sections and are interlocking on all four sides for a tight, locked-in fit. With these dimensions we can accommodate the average stall size of 10x10 or the larger 12x12 sizes and up. These features make our stall mats the perfect choice for your horse's stall, tack rooms, grooming areas or multi-purpose rooms at your next horse show!!
