

Shooting Sports for 2020 - Postponed

4/21/2020

Due to the current Covid-19 situation and the limitations on social gathering in place through June, all Shooting Sports disciplines practice and Fair Shoot events have been postponed for 2020.

**** This update supersedes the Shooting Sports information printed in the 2020 Premium Book. ****

The Dane County Shooting Sports Committee coordinates the use of area conservation and shooting clubs to hold practice sessions and the Fair Shoot events. These facilities are currently closed as a result of the Covid-19 situation. Youth exhibitors must have safely participated a minimum of three practice sessions learning about their shooting discipline and the demonstration of safe handling of their firearm or bow before competing in the Fair Shoot event for their discipline.

The Committee will work with the appropriate facility contacts to try to establish new dates for the 2020 practice sessions and Fair Shoots. When and if those dates are established, e-mail notice will be given and the Dane County Fair FairEntry system will open for exhibitors to register for their Shooting Sport discipline entry. This also applies to the Wildlife Ecology Knowledge Challenge.

Through this difficult time, we wish everyone health and wellness.
