

Poultry Department – Pullorum Testing

The Dane County Small Animal Committee are hosting 2 Pullorum Testing locations this year. Exhibitors need to bring their birds that need to be tested, their [premise ID](#) to the testing center and be prepared to complete the testing paperwork. Also, bring the appropriate size leg bands with you. Please be prepared to handle your own birds and hold the birds for the tester.

There will be no cost for the testing. The testers are volunteering their time and the cost of the antigen was donated by a poultry leader.

The dates and locations are:

Wednesday, June 9, 2021 from 6-8pm at the DeForest High School 815 Jefferson St, DeForest, WI 53532

Thursday, June 17, 6-7:30pm at 5253 Locust Grove Road, Oregon, WI

Thanks
Dane County Small Animal Committee
