- All steers will be mouthed for over-age. Over-age is any permanent or missing teeth in mouth.

Typical mouth of calf at various ages:

- 
- 18 Months - Eight temporary incisors. Eligible to show and sell.
 - 22 Months - Two temporary incisors lost and being replaced by permanent teeth. Refer to Meat Animal Sale regulations or requirements. This animal would be disqualified (not allowed to sell) from the Meat Animal Sale.
 - 26 Months - Two permanent incisors in place. Permanent incisors are about three times the size of temporary incisors. This calf would not be allowed to show. If you are not sure of your calf's age, check its teeth before coming to show.

- No horns longer than 1" allowed on market steers.
- Steers will be divided into lots by weight (lots will be determined by superintendents after they are weighed). The lots will be posted in the Beef area of Pavilion 2.
- If 16 or more animals are entered in a breed lot, the lot may be divided into two or more equal groups at the discretion of the beef superintendent. If one exhibitor has two steers in the same weight lot, he/she can still show both having one entry advanced to the next weight lot.
- When two steers are placed in the same category within a Lot (by weight), premium will be paid on only one (highest placing) shown by exhibitor.
